Guarantee - Extension

5 Year
Guarantee

Dear Customer,

Congratulations on the purchase of your Tamron lens. Tamron stands for unparalleled quality and durability and as confirmation of the confidence it has in its products, Tamron offers you an extension of your guarantee to 5 years. The only thing you have to do is to register using the registration form below.

The conditions for the 5 year guarantee are as follows:

All Tamron lenses purchased from January 1, 2011 from Foto Konijnenberg are eligible for free repair if the defect was caused by any manufacturing and / or material defects during a period not exceeding five years, calculated from the official date of purchase, if registered via the registration form.

The extended warranty is valid for all Tamron lenses purchased after January 1, 2011. Please note that the extended guarantee does not apply to products such as lens hoods and seekers, filters, lens caps, bags and other accessories.

The extended warranty is only valid if the product is registered with Foto Konijnenberg within 6 weeks after the purchase date which appears on the invoice. If your Tamron lens is registered within this period, Foto Konijnenberg will repair or replace your Tamron lens at its discretion at no charge to yourself, if the claim is due to manufacturing and / or material faults.

Excluded from the extended guarantee are claims resulting from defects caused by improper use (i.e. use not in accordance with the instructions specified in the handling of the product), and other misuse (e.g. abuse, inappropriate storage, dropping, shock or water damage).

If you have any questions, please send them to our Customer Contact Centre, by phone (+44) (0)1752-685309 or Email: info@foto-konijnenberg.co.uk

Please send this completed form to:
